Agroserve services

A black and white cow is lying in a lush green field. In the background, other cows are grazing, and the sky is filled with soft white clouds. The scene is peaceful and rural.

# The cream of the crop

**At Agroserve we are committed to the production of consistently high quality milk. We supply our customers with the best possible products and support these with superior service and advice.**

We have over 40 years' experience in supplying the dairy industry, and our acquired production and field support skills are second to none. We pride ourselves on our attention to detail and our flexible customer-focussed approach.

From our rural Wiltshire location we produce a range of products in a number of sizes from 10kg tubs to IBCs. Our nationwide dealer network provide our full range of products and services to support clean milk production, optimal udder health and provide the backup necessary in the event of unexpected problems.

# Concentrated teat dips/ biocides based on iodine

## Clinidip L Concentrate

Concentrated iodophor teat  
dip and spray

- 5000ppm iodine in use
- Glycerine/lanolin emollient complex
- Authorised veterinary medicine, marketing authorisation Vm 01808/4010
- For dairy cows, goats and sheep.

## Clinidip SuperConcentrate

Concentrated iodophor teat  
dip and spray

- 5000ppm iodine in use
- Glycerine/lanolin emollient complex
- Authorised veterinary medicine, marketing authorisation Vm 01808/4011
- For dairy cows, goats and sheep.

## Ioklene Concentrate

Concentrated iodophor biocide

- 2800ppm iodine in use
- Broad spectrum activity
- Cleans, disinfects and moisturises
- Rapid efficacy.

## Ioklene RTU

Ready to use iodophor biocide

- 2800ppm iodine in use
- Broad spectrum activity
- Cleans, disinfects and moisturises
- Rapid efficacy.

# Teat dips/biocides based on iodine

## Kote-It

Ready to use iodophor biocide

- 2500ppm iodine in use
- Broad spectrum
- Thick low drip for maximum value
- High performance emollient complex.

## Priodine

Concentrated iodophor biocide

- 2800ppm iodine in use when diluted
- Broad spectrum activity
- Cleans, disinfects and moisturises
- Rapid efficacy.

## Priodine RTU

Ready to use iodophor biocide

- 1500ppm iodine in use
- Broad spectrum activity
- Cleans, disinfects and moisturises
- Contains glycerine to moisturise the skin.

## Silkidip

Ready to use teat dip and spray

- 5000ppm iodine in use
- 10.7% emollient including lanolin
- Authorised veterinary medicine, marketing authorisation Vm 01808/4009
- For dairy cows, goats and sheep.

# Teat dips/biocides based on chlorhexidine gluconate

## Hexaklene R

Ready to use chlorhexidine gluconate biocide with diethyl-m-toluamide

- 5000ppm chlorhexidine gluconate in use
- Broad spectrum biocide
- Repels flies for up to six hours
- HSE registered insect repellent  
HSE 9501.

## Suredip

Ready to use chlorhexidine gluconate teat dip and spray

- 7400ppm chlorhexidine gluconate in use
- 11% emollient complex
- Authorised veterinary medicine, marketing authorisation  
Vm 01808/4006
- For dairy cows, goats and sheep.

## Suredip Concentrate

Concentrated chlorhexidine gluconate teat dip and spray

- 7400ppm chlorhexidine gluconate when diluted
- 7.5% emollient complex
- Authorised veterinary medicine. Marketing authorisation number Vm 01808/4013
- For dairy cows, goats and sheep.

## Surespray

Ready to use Chlorhexidine gluconate biocide

- 5000ppm chlorhexidine gluconate in use
- 8% emollient complex
- Rapid disinfection
- Moisturising properties
- For dairy cows, goats and sheep.

# Teat dips/biocides based on lactic acid

## Lactodip

Post milking teat dip based on enhanced lactic acid

- Low drip formula
- High visibility - orange
- High emollient specification +15%
- Conditions and disinfects
- Ready to use
- For dairy cows, goats and sheep.

## Lactospray

Pre and post milking teat dip based on enhanced lactic acid

- Low drip formula
- High visibility - orange
- High emollient specification +15%
- Conditions and disinfects
- Ready to use
- For dairy cows, goats and sheep.

# Foaming teat dip and bedding conditioner

## Clinifoam

Ready to use pre milking foaming teat cleaner and conditioner

- Rapid acting
- Removes organic matter efficiently
- Gentle formulation that conditions the teat skin
- Biodegradable ingredients
- For dairy cows, goats and sheep.

## Clinibed 24/7

Bedding conditioner

- Minimises environmental mastitis causing bacteria
- Highly absorbent
- Reduces ammonia build-up
- Appropriate for all bedding types
- Anti-caking agent to prevent solidifying when damp
- Highly visible.

# Wipes and re-usable udder cloth system

## Prewipe

Biocidal wipes for food and udder preparation

- Chlorhexidine and lactic acid based providing a broad spectrum biocide
- Non tainting
- Alcohol free
- Safe to use on skin
- Refill pack available.

## Clinicloth

Re-usable udder cloth

- Use before milking to clean teats and stimulate milk let-down
- One cloth per cow to reduce milk contamination and the spread of mastitis causing pathogens.

## Cliniclean

Concentrated wash solution

- For use with Clinicloth reusable udder cloth system
- Clean teats thoroughly and to help remove bacteria.

## Cliniwash

Washing agent

- High performance
- Phosphate-reduced
- For washing Clinicloth reusable udder cloths, highly soiled laundry and working clothes.

# Acid cleaners

## Acidsan

Liquid acid cleaner for circulation cleaning

- Contains 26% nitric acid
- Added low-foam wetting agents
- Suitable for all water conditions
- Use hot or cold
- De-scaler.

15  
25L  
200L

## Circabrite

Liquid acid cleaner for circulation cleaning

- Contains phosphoric acid
- Added low-foam surfactants
- Removes hard water deposits
- Versatile - may be used for robotic milking systems.

## Cliniphos

Liquid acid for all dairy equipment

- High concentration acid
- Added low foam detergent
- Removes milkstone.

## Sulphamic Acid

Crystals for the acidified boiling water cleaning of milking equipment

- Removes milkstone deposits
- Easily dissolved.

# Alkaline cleaners

## Alkadex Forte

Liquid alkaline cleaner

- Chlorine free
- Excellent emulsification
- Added low foam wetting agents
- Must be used with a sanitising agent after milking
- Versatile - may be used in robotic milking systems.

## Alkasan

Liquid chlor-alkaline sanitiser for economical circulation cleaning

- Removes fats and milk proteins
- Broad spectrum disinfection
- Suitable for all water conditions
- Low foaming.

## Autoklene

Liquid chlor-alkaline  
sanitiser for circulation  
cleaning

- Removes fats and proteins
- Superior formulation
- Suitable for all water conditions.

## Bottle Brite

Powder concentrate for  
**bottle washing**

- Excellent clear results
- Added biocide
- Easy to dissolve - free rinsing
- Use hot or cold.

# Alkaline cleaners

## Chlorodex

Liquid alkaline cleaner and sanitiser for DX type milk bulk tanks

- High strength removes fats and proteins
- Broad spectrum disinfection
- Suitable for all water conditions.

## Clinichlor Dairy Hypochlorite

Liquid hypochlorite sanitiser for all dairy equipment

- 11% available chlorine (on dispatch)
- Broad spectrum disinfection
- Rapid action.

## Clinidet

Mild alkaline powder circulation cleaner

- Excellent purge wash
- Suitable for all water conditions
- Low foam.

## Duosan 50

Alkaline concentrate powder for circulation cleaning

- High strength for optimum performance
- Available chlorine 5%
- De-fats
- Suitable for all water conditions
- Circulate in hot water.

# Alkaline cleaners

## Filtasol

**Liquid cleaner for filters and milking equipment**

- Excellent surface wetting
- Use cold for economy
- Free rinsing
- Versatile immersion cleaner.

# Other cleaners

## Blitze

Heavy duty detergent

- For use with high-pressure washers
- Use hot or cold with all water conditions
- Powerful soil remover and dispersant
- Excellent vehicle cleaner
- May be used for cleaning interiors of refrigerated vehicles.

## Clinibrite

Automated dish washing powder

- Excellent cleaning properties
- Economic in use
- Low foam.

# Other cleaners

## Clinidine-28

Iodophor detergent  
sanitiser

- Approved general disinfectant
- Approved use in respect of Foot & Mouth Disease, Swine Vesicular Disease and Diseases of Poultry
- 2800 ppm iodine content
- Rapid action

## Clinifresh

Washing up liquid

- For all manual cleaning
- Excellent cleaning performance
- Multi-purpose for farm and dairy use excellent cleaning performance
- Mild in use - neutral pH
- Perfume free.

## Hoofit!

Peracetic acid-based solution for foot baths

- Rapid acting
- Broad-spectrum disinfection
- Added wetting agents
- Biodegradable and safe in use
- Economic - 1% dilution rate.

## Oxi-Acid

5% peracetic acid solution for cluster disinfection and final rinse

- Broad-spectrum disinfection
- Rapid action
- Multi-purpose use.

# Hygiene accessories

## Accessories

A range of accessories are available including:

- Aprons
- Dip cups
- Drum pumps
- Gloves
- Milksuits
- Paper towels.

## Filter socks

Available in all sizes

- Made from non-woven fabric specifically designed for filtering milk
- EU food regulations certification
- High flow rates
- Safety stitch for a strong and reliable joint in wet conditions.
